

My Sisters & Brothers,

For the Love of God ...
For the Pursuit of Light and Truth ...
For the Hope of a Glorious Resurrection ...

Greetings with the love of God, for indeed we are all children of One Eternal Father. Jesus the Christ is our Eldest Brother – is our Great Redeemer, the Savior, the Messiah, the Mediator, the Author and Finisher of our Faith, the Great Healer, the Good Shepherd, and our Advocate with the Father. The Holy Ghost is the Testator and Revelator of all Truth. They – as ONE, are engaged in the mission of bringing to pass the eternal happiness and joy for all the spirit children of Heavenly Father – even for all those who will heed the call of the Savior Jesus Christ, in whose footsteps we must follow to eternal life – to eternal felicity in the presence of the Almighty God, our Heavenly Father.

In light of the past, present, and future prophecies in relation to the Pure Gospel of Jesus Christ, it is imperative that each of us, individually, takes a serious introspection of one's standing before God in the context of eternal happiness.

Only after you have helped yourself, will you be able to help another (a sister and/or a brother) to come unto Christ: no one is forced to know the Real, True, Savior Jesus Christ; yet everyone must exercise a personal free agency to know the Real, True, Savior Jesus Christ, in order to be ready to meet Him at His imminent return in glory. It will be a "dreadful day" for those who neglected their day of repentance. Today – we must take action of true repentance, for Tomorrow – may be too late.

If I were to 'graduate' from this mortal advent any time soon, I would want to share the vital info that are most beneficial to my sisters and brothers prior to my graduation day. Since I do not know the exact day/time of my graduation from mortality, it would be very wise for me to take action now and not procrastinate the day of my repentance. For some time now, I have been privy to certain info of eternal significance – as I learn more each day, it becomes more difficult to stay mute – I cannot stay on the sideline any longer: the Spirit of God has sprinkled a portion of the spirit of Elias upon my soul.

But anyone who is given the privilege of learning of the works of God, even a Marvelous Work and a Wonder, culminating to the second coming of the Savior Jesus Christ – the great and dreadful day of the Lord, will be moved by the Spirit of God to act judiciously.

I do not seek accolades of any kind. All Glory, Honor, Power, Praise, Dominion, Majesty be unto the Eternal God, unto the Savior Jesus Christ, and unto the Holy Ghost – for They are One. 1 John 5:7.

Only through sincere Prayer and Fasting – very likely for several iterations, can one truly understand the urgency of the call for repentance, and the great and marvelous work that **already begun** in this late hour of the latter days. Please get your personal life and family life in order – do not slumber, and do not rely on the false security that you may be accustomed to.

I pray that you will have the Eyes to See, the Ears to Hear, and a Heart to Understand both the magnitude and the import of the **Clarion Voice of Warning**. May the Good Lord impart a portion of the spirit of Elias upon your souls, prior to your respective graduation day from mortality.

God bless,

Fred

Bro. Fred

P.S. the spirit of Elias... is the conviction in spirit to act by preparing the way for the return of the Savior Jesus Christ.
